Soccer Takes Sports Spotlight

To the best of our knowledge this is the first time in S.A.C. history that the Andread has given front page treatment to soccer, but the First soccer team of 1973 certainly rates it in our opinion.

Old Boys and Parents of some years back will recall that soccer was definitely second best as the Autumn term sport at St. Andrew's. All able bodied boys were urged or dragooned into football except for a diehard few, mostly boys from the Caribbean or South America. Not so in the last ten years. In the interest of getting greater participation on

School representative teams the athletic program has been considerably broadened, and boys are permitted a fairly wide choice. As a result soccer is now a major sport in the Autumn with teams at all age levels.

This year's Firsts have compiled a truly impressive record. Without going into exhaustive research through "Reviews" of by-gone days it is probably safe to say it is the best that any St. Andrew's soccer team has ever accomplished. Games played 23; won 20, tied 1, lost two.

In the process they picked up the Independent Schools A.A. Championship, the Georgian Bay Secondary Schools A.A. Championship and won two invitational tournaments, all without loss of a game. Representing the G.B.S.S.A. in the 'round robin' finals for the All Ontario High School Championship, our boys won 1 and lost 2 games, being eliminated by the eventual winners, Western Tech of Toronto. This series calls for rugged conditioning since it meant playing three 50 minute games between 9 a.m. and 1 p.m. on the same day.

Council of S.A.C. Association 1973-74

Looking at the makeup of the team discloses the wide geographical spread of the boys' background, which is typical of the student body of St. Andrew's today. Captain Dave Stubbs comes from Bermuda, Kane Straith from Victoria, B.C., Don Rose, Gord Macfarlane and Bob Smallwood from Aurora, Jim Gray from Markdale, Mike Omstead from Wheatley, Don Slessor from Newmarket, Dave Kitchen from Ottawa, Barry Howson from Thornhill, Peter O'Neil from Toronto, Harvey Sasso, Phil Crimarco and Chris Lopez from Jamaica.

It is interesting to note that six of these boys got into soccer with Macdonald House teams where Housemaster Ted Harrison is known to be somewhat partial to the game!

Top goal getters were Kitchen with 26, Rose 18, Slessor 13 and Sasso 10. Goalkeeper O'Neil allowed only 25 to get past him.

Here is the season scoreboard.

Goals for 84 Goals against 24

Congratulations to Coach Peter Stuart and the boys for a fine season.

Further evidence of the increasing popularity of soccer was demonstrated when 64 boys turned out for the First and Second teams. The Seconds played 10 games, winning 4, losing 5 and tied 1. Don Delahey from Nassau was Captain and voted joint M.V.P.'s were Dave Buick and Chris Lopez. Boys who did not make these teams went to the House League which produced some spirited matches.

Under 16 Soccer had a very successful season, losing only two close games of a dozen played. Highlights were two victories over U.C.C. Rob Kitchen from Ottawa was an enthusiastic captain; Dave Little of Richmond Hill in goal was fumble free; Mark Bedard and "Otto" Sillcox, Aurora, set up the plays so that Trevor Cargill and Demetri Moses could score the goals; and the whole team showed zeal and good cheer.

Of the 22 boys on the Under 15'A' and 'B' teams, 17 were under 14 so they should be good for another year or so at this level. The 'A's were joint winners with the Nichols School of Buffalo in the first Independent Schools Junior Invitational Tournament held at Ridley. Under 15 'C's played 11 games, chalking up 5 wins, 3 losses and 3 ties, and led by Captain John Mortimer and M.V.P. Bill Cathers.

LUNCHEON IN THE GREAT HALL

Did You Know...

that a hockey school has been held at S.A.C. for the past two years during July and August? It is run by the Hockey Division of Metropolitan Ice Skating Schools Limited, of which Bruce Hyland is Director and Harry Watson, formerly with Toronto Maple Leafs and other N.H.L. clubs as General Manager. Some members of the St. Andrew's staff assist in the sports program and residence supervision. About 100 boys from age 7 to 17 attend for a week or two week period.

It is probably generally known by now that the Toronto Argonauts football team has its training camp at St. Andrew's for two to three weeks in June and early July and has done so for the past 14 years. In addition to these activities, small groups can be accommodated for limited periods during the summer.

Thus it can be said that the physical plant of the School is in use virtually twelve months of the year.

120 Million Year Old Gift

St. Andrew's recently was the recipient of a most unusual and interesting gift from Mr. Michael Sifton who has two sons at the School. Given to Mr. Fred Hiltz, head of the Physics Department, the gift consists of wood fragments unearthed during excavations at the Great Canadian Oil Sands development near Fort McMurray, Alberta. They are of scientific interest for two reasons: first, their age has been reliably estimated at 120 million years; and second, the remains are unfossilized being wood and not a mineralized impression. The wood has not decayed due to the protection which the oil sand has offered in keeping oxygen away. If not stored in vacuum or an inert gas the samples "wood" soon turns to powder.

Debaters Busy

Members of our debating society have participated in six debates this term, winning 4, losing 2.

In I.S.L. competition the Seniors defeated U.C.C., Appleby and then lost a rousing debate to T.C.S.

In the first one held at U.C.C. on October 30 our Seniors opposed the resolution "that man must be suppressed". An excellent debate developed with Szarka, Gerol and Casson I arguing most impressively, against a resolution that they soundly defeated. Basil Gerol was selected the best speaker of the debate and an enthusiastic account of the debate was printed by the chairman of the judges and printed in the Leaside Observer.

Our first home debate took place on November 8 with Appleby opposing the resolution "that co-operation is preferable to competition". The Appleby team debated well but its members could not quite match the elocution and logic of Brooks, Crosbie and Kilpatrick. The latter was nominated best speaker.

A spirited debate took place at home on December 7 with T.C.S. successfully supporting the resolution "that modern law favours the criminal". Kitchen II, Throop and Pickard manfully opposed the government's arguments. Although it was apparent to all but the most prejudiced that the S.A.C. team debated superbly, the victory was rightfully awarded to the T.C.S. team of Cameron, Armstrong and Campbell. Doug Pickard is to be congratulated on being voted the best speaker of the debate.

An "exhibition" contest was held at Havergal College on November 7th with van der Jagt, Williams I and Martin opposing the resolution "that the best things in life are free". A colourful and at times, almost riotous debate caused the MS speaker some anxious moments. The judges awarded the debate to the Havergal "ladies" by the narrowest margins but they named Pedro Martin the best speaker of the night.

Two debates at the Junior level have been held. Our first featured Hiscox, Sifton and Sillcox, opposing the resolution "that competition is preferable to co-operation". Good solid rebuttal and an outstanding performance by Scott Sillcox secured the S.A.C. victory. Sillcox was designated best debater.

In another junior debate with T.C.S., Stirling, Hamilton and Ryan opposed the resolution "that the 1976 Olympics should be scrapped". Our team was unanimously awarded the victory with Stirling named best debater.

League debates at both Senior and Junior levels are scheduled at Ridley on Thursday, January 31 and at U.T.S. on Wednesday, February 13. A junior debate will also be held with U.C.C. during the winter term. Arrangements are being made for winter term debates with two girl's schools. Rick Mann, our industrious secretary is trying to schedule at least two of these debates at home.

An inter-house debating league is going to commence after the end of the winter holidays. This should help identify some of the talented people who in the near future should be able to render yeoman service to the representative level. Class-room debating is currently being staged by Mr. Meagher's Grade 9's.

Strathcona Cup Returns to S.A.C.

Colonel Baile, Deputy Chief of Staff for Personnel, Air Transport Command H.Q., presents the Strathcona Cup to Major Craig Kamcke, Chief Instructor of the S.A.C. Cadet Corps. The Cup is awarded annually to the independent school corps judged most efficient in the current year. (Canadian Forces Photograph)

The last issue of the Andean contained an article about the healthy state of cadet activity at St. Andrew's, so it's nice to see it achieve recognition once again.
